Jeff Linn
Indiana Crop Improvement Association, Inc.
7700 Stockwell Road
Lafayette, IN 47909

Subject: Accreditation approval

Dear Mr. Linn:

Indiana Crop Improvement Association, Inc. has been reaccredited by the U.S. National Seed Health System (NSHS), under the authority of the USDA, Animal and Plant Health Inspection Service (APHIS), and in accordance with 7 CFR 353.8 and 7 CFR 353.9 to perform the following function throughout Indiana and Puerto Rico. This activity may be used to substantiate the issuance of a Federal Phytosanitary Certificate:

1. Phytosanitary field inspection for the following crops throughout Indiana:
   a. *Avena sativum* (oat)
   b. *Glycine max* (soybean)
   c. *Helianthus annuus* (sunflower)
   d. *Sorghum* spp. (sorghum)
   e. *Triticum* spp. (wheat)
   f. *Zea* spp. (Maize)

2. Phytosanitary field inspection the following crops throughout Puerto Rico:
   a. *Glycine max* (soybean)
   b. *Zea* spp. (Maize)

Phytosanitary work done under this accreditation will expire October 30, 2029.

Best regards,
